

# JACK HILLS IRON ORE MINE WESTERN AUSTRALIA'S MID-WEST REGION

## COMMUNITY NEWS

17th September 2008

### AT THE HEART OF THE MID-WEST IRON ORE

#### Crosslands Resource Update

At the heart of mid-west iron ore is Crosslands Resources – we own and operate the high grade Jack Hills iron ore project in the mid-west.

The Jack Hills project continues to ramp up steadily having produced 1.45 million tonnes during the 2007-8 financial year. Crosslands expects to attain production of 1.8mtpa, during February 2009.

Crosslands is evaluating a significant increase in production once the Oakajee port and associated infrastructure is in place. A significant resource definition program is under way and the Stage 2 mine feasibility study is on track for completion in 2009.

#### We Have the Mid-West @ Heart

We are a local company and have recently provided support for a number of community projects.

- Rotary Club of Geraldton-Greenough for the 2009 Red Hill Concert
- Geraldton Sunshine Festival
- St John Ambulance, Cue for the purchase of a defibrillator
- Northampton Show Jumping Event, rural art and rural ambassador awards
- Geraldton Pensioners Social Club for their annual trip to Perth
- National Breast Cancer Foundation's Global Illumination event for breast cancer research
- Department of Education and Training's Geraldton Education Week Awards

Crosslands CEO Stuart Hall provides an update on Crosslands' operations and plans for expansion, to a packed house at the Mid-West Resources Forum held in Geraldton on 27 August.
