

WHAT WE DO HERE BENEFITS EVERYONE

EXPORTING MID-WEST IRON ORE TO THE WORLD.

The mid-west is Australia's major new iron ore producing region. And at the heart of mid-west iron ore is Crosslands Resources. Each year we export over a million tonnes of high grade iron ore to the world from our Jack Hills mine. We have a large high-grade iron ore resource, promising new deposits and expansion plans that will benefit everyone in the community.
